Integration Compatible

MULTI-CALL PULL

The QUANTUM Multi-Call station is a wireless, battery-operated call device. In addition to a traditional pull cord method, residents can request assistance or check in using the easy-to-read touch pad on the screen.

QUANTUM PULL

The QUANTUM Pull Cord comes with a 1/4" jack that can be used with a number of call cords, including press pads and breath calls. Each pull cord also includes a local sounder that can be activated based on the residents needs.
