

NURSE CALL OVERVIEW

The QUANTUM™ Nurse Call System is designed to provide a scalable nurse call solution that meets both budget and community size requirements. The system features a fully configurable, event-driven alerting engine, with advanced reporting to provide visibility into resident needs and care.

PROTECT RESIDENTS

QUANTUM™ offers reliable wearable and fixed devices to ensure help is always within reach. Pull cords include a waterproof option as well as additional check-in and staff assist features. Necklace and wrist pendants offer community-wide protection.

EQUIP CAREGIVERS

Caregivers deserve easy-to-use tools that improve efficiency and communication. The QUANTUM™ mobile app provides an intuitive interface to claim alerts, message team members, and track care. QUANTUM™ also offers corridor lights, pagers, email, and text alerts for a flexible, full-featured nurse call platform.

INFORM OPERATIONS

QUANTUM™ reporting and insights software transforms data into actionable intelligence. Experience unprecedented visibility into opportunities for increased efficiency, peak demand times, resident care needs, and response time trends.

INTEGRATED PLATFORM

QUANTUM™ is more than just nurse call: it is a unified system that ties together disparate functions into one easy-to-use platform. Achieve enhanced efficiency, reporting, and ease with integrated solutions.
